

27 DECEMBER 2007

INTERNATIONAL AWARD

PRIME PROPERTY AWARD 2008

Union Investment Real Estate AG, one of Europe's leading property investment management companies, launches an Award to **honour ecologically sustainable architectural planning property investments in Europe that combine sustained commercial success with meeting societal needs**. Projects must visibly promote the quality of their location as part of a forward-looking investment policy, while also **featuring environmentally friendly building planning**. The award is organised with the collaboration of the International Union of Architect'.

ELIGIBILITY

This award is open to **architects and urban planners** along with **property investors and owners** who are invited to jointly submit property projects implemented or **completed** in the **period 2000-2007**. Real estate projects may concern new constructions, redevelopments or refurbishments, commercial and/or residential use, in urban locations in the countries of the European Union, with a minimum rental space of 10,000 square metres. **Selection will be made in 2 stages**. A maximum of 30 entries will be selected by the jury from among the stage 1 submissions to proceed to stage 2.

Competition documents and entry form can be downloaded at:
www.prime-property-award.com
